

FEBRUARY 2006 HOTSHEET

A Look at What's Happening...

During February, Transpire will be working with the Access Alliance partners in preparation of unveiling the enhanced Alliance at the March Legislative Conference.

Plus, we will be participating, through NAHRO's partnerships with LISC and Fannie Mae, in affordable housing development training in Mobile and Houston. These sessions are aimed at agencies that will be involved in post-Hurricane rebuilding efforts in those states. An additional session in Mississippi has been scheduled for March.

Finally, we will be continuing to accept requests to participate in upcoming Regional and Chapter conferences! Contact Dionne Roberts at droberts@nahro.org for additional information.
