

## JUNE 2005 HOTSHEET

### *A Look at What's Happening...*

**During June**, Transpire will be participating in the regional conferences for the South East and South West Regional Councils. For more information on upcoming events, visit us on the web: [www.transpire.org/events.html](http://www.transpire.org/events.html)

**Plus**, we will be kicking off three months of technical assistance and training to the Colonias being provided under the National Affordable Housing Training Institute, which NAHTI administers.

**Finally**, we will be implementing a new fee structure for the e-Procurement system on June 18, 2005. This restructuring will simplify the transaction fees associated with a supplier winning a bid on the system. For additional information you can go to <https://nahro.economicengine.com/docs/FeelInformation.pdf>

#### **List-Serve Soars!**

The e-Procurement email service, which all NAHRO members can sign up for at <http://www.nahro.org/members/connects/index.cfm> has increased dramatically over the last six months. Now nearing 600 members, it has grown nearly 20% in recent months, and is a great source of information about the system, as well as a great way to keep up with the latest e-Procurement Newsletter! Join your colleagues and...
