

June 2006 HOTSHEET

A Look at What's Happening...

In June, Transpire will be launching the newest functionality in the e-Procurement system—Project Based Procurement. This will allow users to allocate and track awards made in the system by project groupings.

Plus, we will be continuing to visit regional conferences around the country, so check out the calendar and stop by and see us!

Finally, we will be preparing for our 5th Birthday Celebration, which will take place at the NAHRO Summer Conference in Denver, Colorado. Yes, it really has been five years!
