

MAY 2005 HOTSHEET

A Look at What's Happening...

During May, Transpire will be participating in the regional conferences for the Mid Atlantic and the Pacific Northwest. For information on upcoming events, visit us on the web: www.transpire.org/events.html

Plus, during May we hope to welcome the **New England Regional Council** as the 3rd NAHRO Region to participate in a revenue sharing agreement regarding e-Procurement! This three year agreement will allow Transpire and NERC to work together to promote the system in the region, and share in the rewards. PNRG and NCRC are already participating, and we look forward to working with all three regions during 2005!

Finally, keep an eye out for the May edition of the e-Procurement Newsletter! If you are not already getting it, sign up for the e-Procurement email list at <http://www.nahro.org/members/connects/index.cfm>.
