

SEPTEMBER 2005 HOTSHEET

A Look at What's Happening...

During September, Transpire will release the fifth e-Procurement newsletter of the year. The newsletters, which have gained popularity since their debut in the Summer of 2004, inspired the development of the MSC Procurement Partners News, which will also be coming out in September.

Plus, we will be providing technical assistance to organizations in the Texas Colonias through NAHTI, and to agencies in New Mexico, Texas and South Carolina through Enterprise funding.

Finally, along with the NAHRO membership, Transpire will be gearing up for the National Conference in Chicago in October!

Have you seen us in 2005?

If not, invite us by...you could be the next★!
